TARGET AUDIENCE
This course is intended for the following audiences:

- Application Consultant
- Support Consultant
- Project Manager
- Project Stakeholder
- Systems Architect
- Super / Key / Power User
Lesson 1: Describing Cross-Border Movement Processes

Lesson Objectives
After completing this lesson, you will be able to:

- Describe logistic processes and the SAP GTS product structure
- Describe cross-border goods movement applications

Lesson 2: Executing Master Data Transfer

Lesson Objectives
After completing this lesson, you will be able to:

- Execute master data transfer
- Describe how the SAP GTS system and the feeder system communicate
- Transfer master data from a feeder system to an SAP GTS system
Lesson 1: Mapping Foreign Trade Law Prohibitions, Restrictions, and Customs Requirements

Lesson Objectives
After completing this lesson, you will be able to:

• Map foreign trade law prohibitions, restrictions, and customs requirements

Lesson 2: Creating Business Partners, Products, and Bills of Material

Lesson Objectives
After completing this lesson, you will be able to:

• Create business partners in SAP GTS
• Further maintain product master data in SAP GTS
• Explain the functions of bill of material replicas in SAP GTS

Lesson 3: Maintaining Lists of Goods, Customs Tariffs, and Nomenclatures

Lesson Objectives
After completing this lesson, you will be able to:

• Describe how lists of goods and customs tariffs are structured
• Assign goods list numbers, commodity codes, and customs tariff numbers to your product master data

Lesson 4: Creating Master Data for Customs Processing

Lesson Objectives
After completing this lesson, you will be able to:

• Store company-specific identification numbers in the system
• Map customs offices as business partners
• Create and process authorizations and securities
Lesson 1: Managing Export Control

Lesson Objectives
After completing this lesson, you will be able to:

- Manage export licenses in SAP GTS
- Transfer a sales document from an SAP ERP feeder system to SAP GTS
- Explain the re-export control functions in SAP GTS

Lesson 2: Issuing Export Declarations

Lesson Objectives
After completing this lesson, you will be able to:

- Issue an export declaration in both the EU and the US
- Submit an export declaration from SAP GTS
Lesson 1: Issuing Import Declarations (EU)

Lesson Objectives
After completing this lesson, you will be able to:

● Issue an import process in the EU
● Discharge a transit procedure

Lesson 2: Issuing Import Declarations (US)

Lesson Objectives
After completing this lesson, you will be able to:

● Describe the import process in the United States
● Describe the basic functions of the Automated Broker Interface (ABI)
● Create product codes required by various government agencies involved in the import process and assign these codes to product master data
● Explain the communication between importers and the competent government agencies
● Submit an electronic declaration from SAP GTS

Lesson 3: Placing Goods Under the Customs Warehousing, Inward Processing, and Outward Processing Procedures

Lesson Objectives
After completing this lesson, you will be able to:

● Describe customs warehousing, inward processing, and outward processing
● Make the necessary settings for using these procedures in SAP GTS
● File a customs declaration for placing goods under the customs warehousing procedure

Lesson 4: Using Forms of Import Control

Lesson Objectives
After completing this lesson, you will be able to:
• Describe forms of import control
• Use the embargo check for imports
Lesson 1: Understanding Originating and Non-Originating Goods

Lesson Objectives
After completing this lesson, you will be able to:

- Define the term “tariff preference” and name its legal foundations
- Explain the difference between originating and non-originating goods
- Explain the significance of rules of origin

Lesson 2: Using Preference Determination in the Export Process

Lesson Objectives
After completing this lesson, you will be able to:

- Describe the process for preference determination in SAP GTS
- Perform preference determination in SAP GTS
- Explain how vendor declarations are managed in the system
Lesson 1: Understanding Sanctioned Party Lists

Lesson Objectives
After completing this lesson, you will be able to:

- Explain the legal background of sanctioned party list screening
- Interpret a sanctioned party list master record

Lesson 2: Executing Sanctioned Party List Screening

Lesson Objectives
After completing this lesson, you will be able to:

- Describe the process for sanctioned party list screening in SAP GTS
- Carry out sanctioned party list screening in the system
Lesson 1: Submitting Intrastat Declarations (EU)

Lesson Objectives
After completing this lesson, you will be able to:

• Explain the purpose of Intrastat declarations
• Explain the legal requirements for submitting Intrastat declarations
• List data that is relevant for the declaration

Lesson 2: Monitoring the Movement of Excise Goods (EU)

Lesson Objectives
After completing this lesson, you will be able to:

• Explain the legal basis of EMCS
• Describe how you can participate in EMCS using SAP GTS
